Community Wellness Vendors Form

Vendors are welcome to participate in our Expo but we ask that you respect the intention of the Expo: That is, we are trying to educate the Community on how to live a healthier lifestyle. If you have a food product or natural supplements, I would ask that you have documented proof that your product is a healthier choice, even if it is self-evident!

Some products may simply bring an appreciation of life through a “Thing”, i.e. a walking stick which can then promote walking as a way of getting around our community.

If you are going to have product to sell, please provide me with a list:

1. ______________________________________________________________________
2. ______________________________________________________________________
3. ______________________________________________________________________
4. ______________________________________________________________________
5. ______________________________________________________________________
6. ______________________________________________________________________
7. ______________________________________________________________________
8. ______________________________________________________________________
9. ______________________________________________________________________
10. ______________________________________________________________________

Please return this with the Registration Form

Thanking you in advance for your participation and cooperation,

Greg Selig, NGAPS  644-2153
